Belmont Country Club

Opened in 1956, this very tight but member friendly private golf club has played host to many different events such as the Fresno State Classic, USGA Jr. Qualifying, and the California State Jr. Championships. Bermuda grass fairways and bent grass greens provide a consistant Valley experience. The signature hole at Belmont is the par 3 second hole. Not long in distance by tour standards, this little gem poses a variety of challenges with water to carry and a bunker encompassing the left, front and right hand sides of a very small and sloped green complex. This will be a great opening venue for your event.

Copper River Country Club

Opened in 1995, this very popular member course has hosted several outstanding events. The California State Jr. Championship, as well as many of the Northern California Golf Associations qualifying tournaments have toured the fairways of this beautiful layout. Generous bermuda fairways and fast bent grass greens protect this popular golf course. Coppers signature hole number nine is a par 4 with bite. Water covers the entire right hand side and wraps around the back of the green. Guts is the word that comes to mind when playing this monster. Just remember to bring some courage or bring lots of golf balls.

Fort Washington Country Club

Opened in 1923 Fort Washington has been called a "ball strikers paradise". Hosting national events such as the United States Mid Amateur, Hogan Tour Event, the U.S. Open and U.S. Amateur qualifier, this course has become one of the most respected tests of golf in the Western U.S. From its signature hole the mind numbing number 14, to its rolling terraine throughout the golf course, Fort Washington will offer you every opportunity to test your skills, your patience as well as your desire to experience tournament golf at its finest. This is the perfect golf course venue to host the final round of the Grizzlies Golf Series.
