Parker Selling Truck To Help Local Youths *Proceeds From Sale Will Benefit Junior Grizzlies Field Project*

Fresno, CA- The Fresno Grizzlies and Nissan of Clovis are teaming up to sell Parker's 2006 Nissan Titan Truck. A portion of the proceeds will benefit the Junior Grizzlies' field project, in which the donation will be in recognition of Nissan of Clovis and the truck's buyer.

"Nissan of Clovis is very excited to team with the Grizzlies to make this donation to a worthy cause like the Junior Grizzlies' field project," said Kevin Riordan, General Manager of Nissan of Clovis. "It is important to us to help in the community."

The Junior Grizzlies is a non-competitive baseball league that gives all kids, regardless of their limitations, the ability to participate on a level playing field. This unique baseball league is specifically designed for children with disabilities. The Grizzlies Community Fund plans to raise \$500,000 to build a rubberized playing field at Gateway Alternative School located on Herndon and Sunnyside in Clovis for the Junior Grizzlies. The field will take on the name of a title sponsor.

"We feel that baseball is something the whole community should be able to share together," said Mike Maiorana, Grizzlies Executive Vice President. "Because Nissan of Clovis is making such a valuable contribution, we're one step closer to giving some area youngsters their own field to play on."

Parker will also be on hand Saturday from noon until 2pm to help Nissan of Clovis kick off its "Big Construction Sale" and to help sell his truck. The owner of the new pickup will also receive a picture with Parker and the 2006 Titan pickup and a Grizzlies ticket plan that includes four 12-game mini-plans for the 2007 season, Grizzlies merchandise and will get to throw out the Ceremonial First Pitch at a 2007 home game.
